Sign in and Register

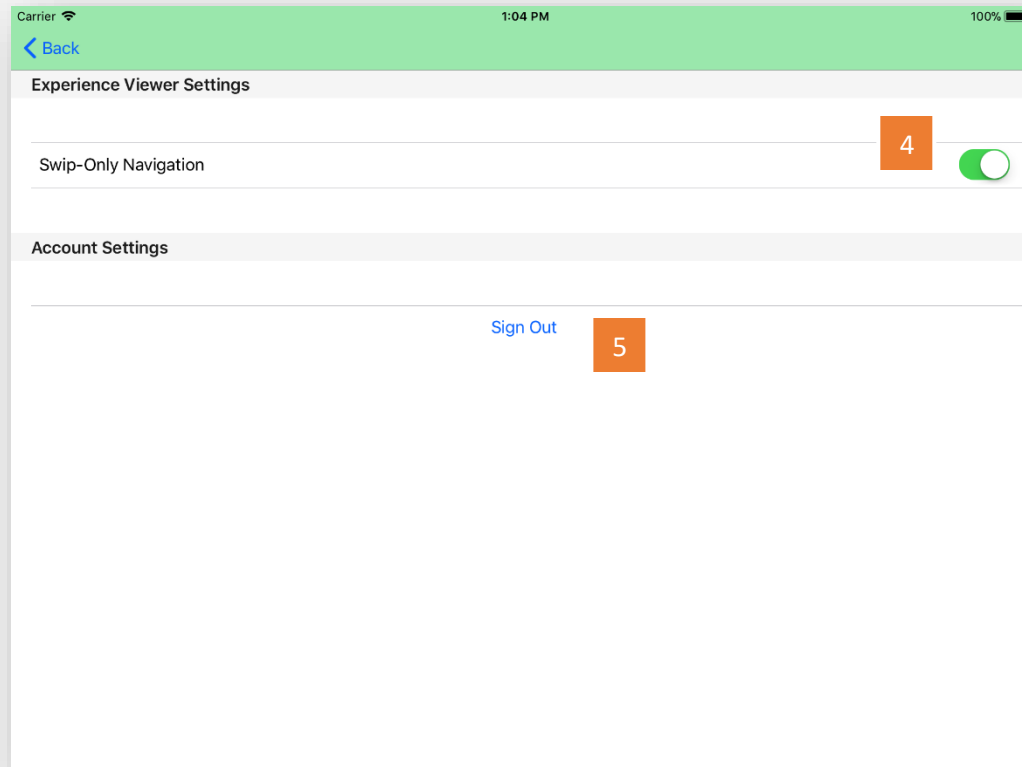

A mobile application interface for signing in or registering. The screen has a green header bar with status icons (Carrier, signal, time 1:02 PM, 100% battery). Below the header is a green logo. A horizontal bar contains two tabs: 'Sign-In' (highlighted in green) and 'Register' (in light green). Below the tabs are two input fields: 'Email' with the text 'g@sfu.ca' and 'Password' with masked characters '•••••'. At the bottom is a large purple button labeled 'Sign-In'. Three orange numbered boxes indicate the flow: box 1 points to the 'Sign-In' tab, box 2 points to the 'Register' tab, and box 3 points to the purple 'Sign-In' button.

On this first page, user can sign onto a preexisting account or register for a new account.

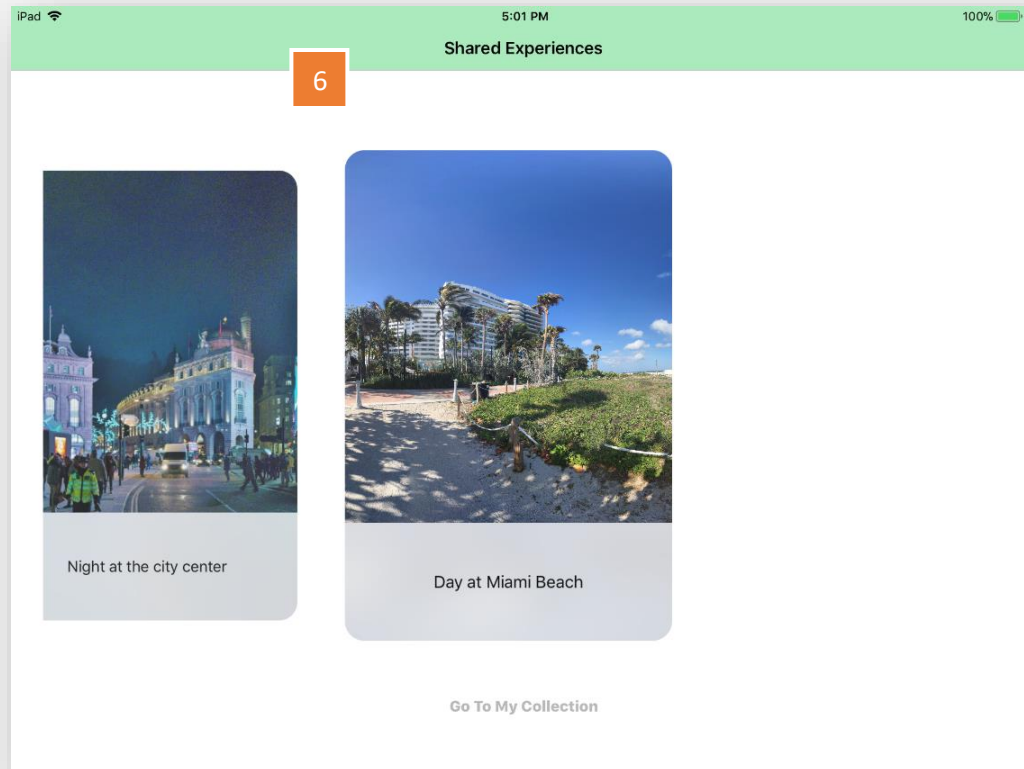

- 1) To sign in, it is required that the user provides the correct password to the corresponding account. Otherwise, sign-in will fail and user will be notified this error via a pop-up screen.
- 2) To register an account, user must provide a valid email address and the password must have at least length 6.
- 3) Once all mandatory fields are filled in, click the purple button at the bottom of the page to complete the sign-in or register action.

Settings

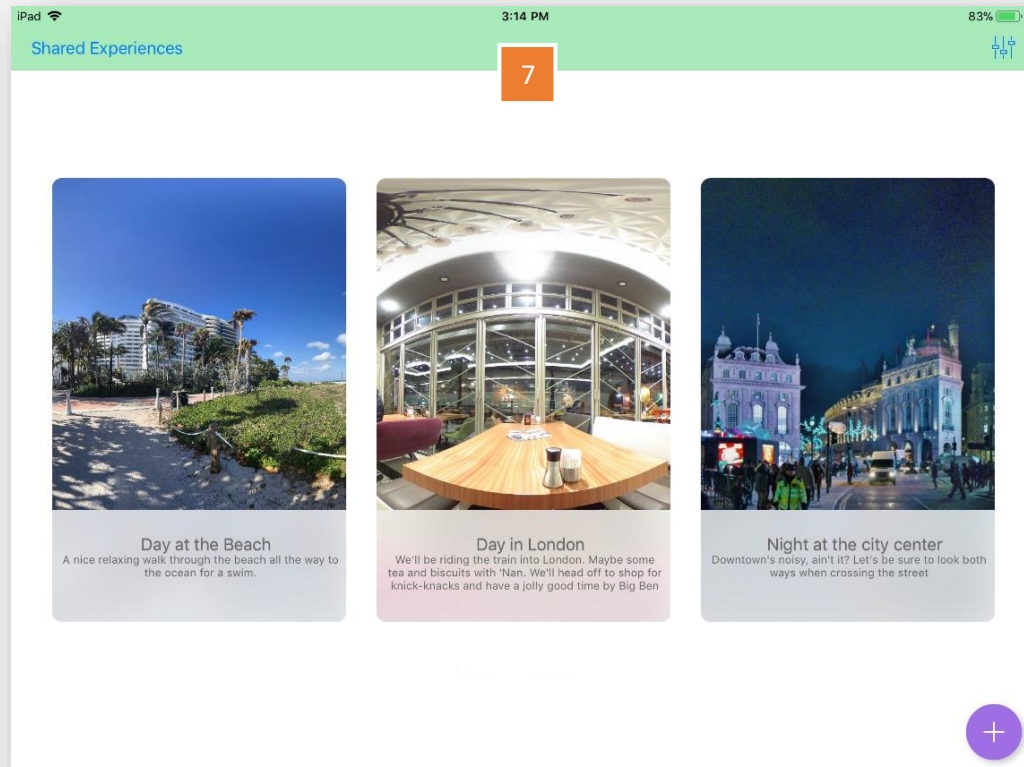

- 4) Toggling the “Swipe-only navigation” allows user to view experiences using swipe motion or pan around while holding the device.
- 5) User can also sign-out here.

Shared experiences

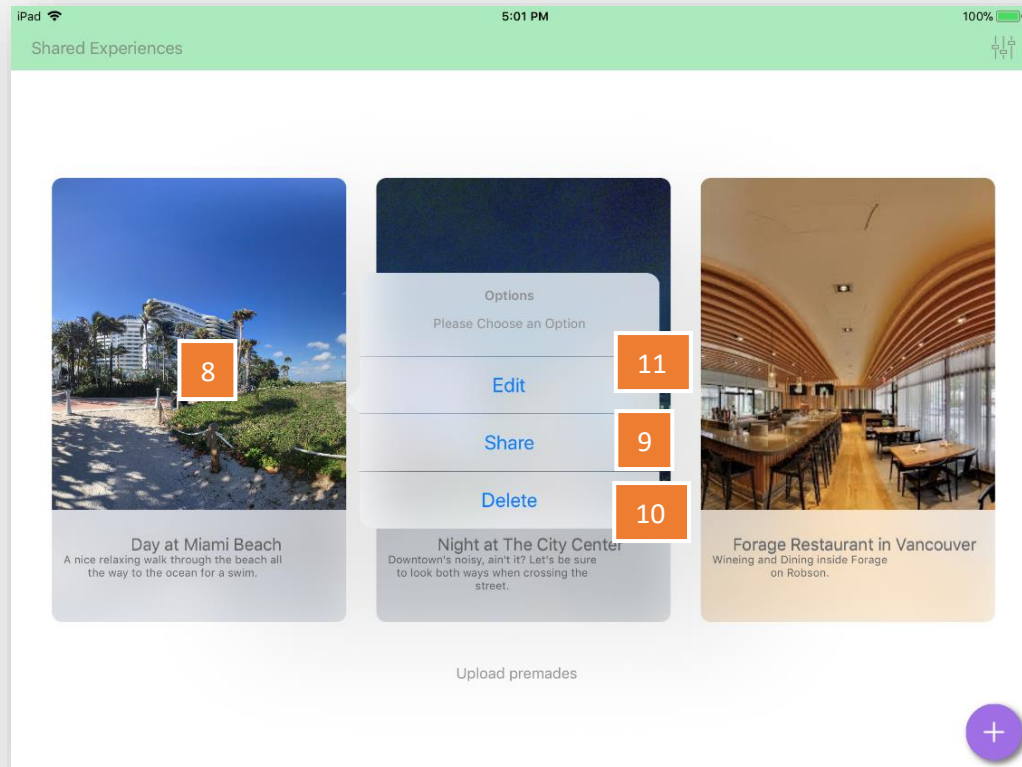

- 6) This page consists of experiences that are shared amongst users of the app. User can view and complete all the triggers within these experiences.

Custom experiences

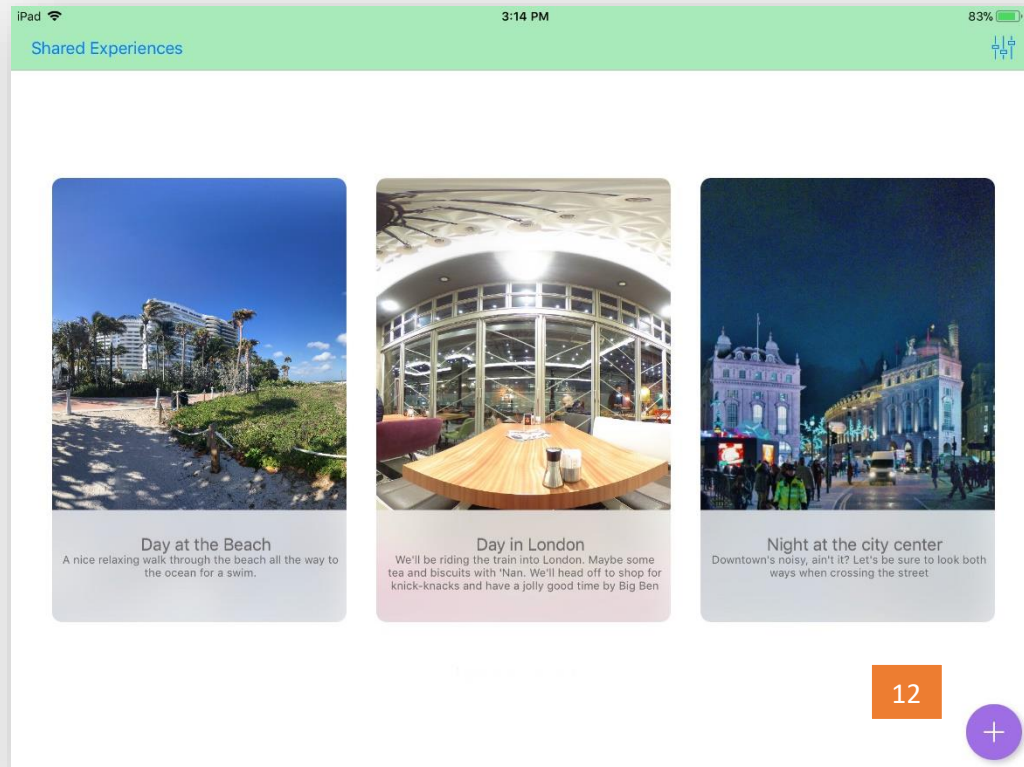

- 7) This page consists of experiences that are created by the user. Only the logged in user can see the experiences associated with that account.

Delete,
edit and
share
experien
ces

- 8) Long press on a specific experience and options to delete, edit and share button.
- 9) Shared experiences will populate on the Shared experiences page.
- 10) Clicking on the delete button erases the experience.
- 11) Clicking the edit button will take the user to the editing page where user can modify elements in the experience such as panoramas, sounds, videos, title and description.

Add new
experiences

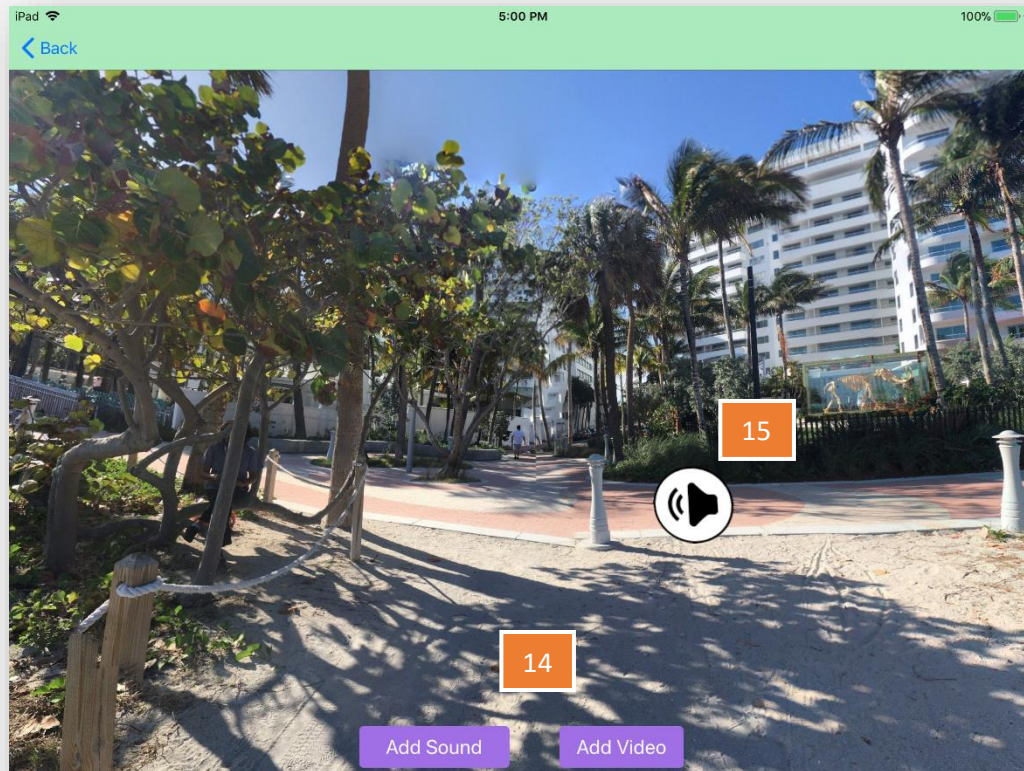

12) To add a new
personalized
experience, click on
the purple plus sign
on the right bottom
corner of the
custom experience
page.

Upload
new
experiences

The image shows a mobile application interface for adding a new experience. At the top, there is a green header bar with the text "Carrier" and a signal icon on the left, "1:05 PM" in the center, and "100%" with a battery icon on the right. Below the header, there is a blue back arrow and the text "Back". The main content area is white. On the left, there is a green button with the text "Add Panorama". Above this button is an orange square with the number "13". To the right of the button, there is a text input field labeled "Title". Below the title field, there is a larger text input field labeled "Description". At the bottom of the screen, there are two purple buttons: "Save" and "Delete".

13) Click on “Add Panorama” to input panoramas from device photo gallery to the editor. Then user can add title and description of the experience.

- 14) Choose “Upload sound” or “Upload Video” to upload on the panorama.
- 15) Then a button will populate. Simply drag and drop the button to a desired location of the panorama.
